Be quick to see this top floor studio apartment in a leafy complex called 'River Park' opposite parkland and in a quiet part of our popular suburb. The cute apartment is 42sqm internally and has a north facing 8sqm balcony overlooking a sparkling in-ground pool. It needs a little bit of work here and there but has excellent scope for improvements and value add. The property has great figures with body corps only \$2745 and will rent at \$450pw. Perfect for the first home buyer or investor, be quick this one won't last.
