This is a very neat and tidy 3 bedroom property, with open plan living/dining, reverse cycle air conditioning, robes to 2 of the 3 bedrooms... the list of features goes on and on. The kitchen has been upgraded and features loads of cupboard space, along with a dishwasher and cooking between an electric stove top & wall mounted oven. The bathroom has a full bathtub and shower with a separate toilet, all easily accessed as a 2 way option. But the real draw card of this property is the space that you will have for storage. Outside there is a single garage, that you can drive through, to your other 3 garage spaces! Attached to this is another studio space that has previously been used for a home business. The yard is flat and very low maintenance, so you will have time to concentrate on your toys, rather than spending time doing house and yard work! This one offers many benefits to a renter that is looking to have room for their hobby!
