Looking for a home that is well located, low maintenance, beautifully presented, and has lots of extra special touches? Look no further, you've found it! Completed in 2018 this modern, stylish home is sitting pretty on a 401 m² block and offers serious WOW factor. The oversized master bedroom suite features plantation shutters, a double walk in robe, plus double vanity, AND a double shower. Three additional bedrooms are positioned at the rear of the home, along with a second bathroom and separate WC. Each of the 3 rear bedrooms have mirrored, built-in robes, and the entire house benefits from ducted reverse cycle air-conditioning. Curl up in the theatre room to watch the latest movie release, or to read a great book. Or perhaps spend your afternoon in the open planned living area, which offers plenty of space for dining and lounging. The stylish kitchen will delight the masterchefs among us, featuring engineered stone bench-tops, stainless steel 900mm oven & cook top, Bosch dishwasher and stunning pendant lights. The expansive decked alfresco area provides ample space for all-year-round entertaining, complete with an inbuilt ceiling fan to keep you cool on these balmy summer nights. The fully secure yard also includes a patch of lawn and a lock up shed for all your toys. Additional features include-

- Ducted reverse-cycle air-conditioning throughout
- Hybrid laminate floorboards in the living areas & lush carpets in the bedrooms
- Double lock up garage
- Reticulated low maintenance gardens to rear
