This block would be a fantastic spot to build your dream home on subject to the normal Council approvals. With water right out the front, power across the road all that is left is to install a septic tank. The block is close to the General store and the Pub and is approx 20.4m wide and over 80m deep. The property has road access on 3 sides and has only 1 real neighbour. There is already some established trees on the block and land is quite flat and level.
