Be enchanted by this pretty low set timber home, surrounded by lush established gardens – a tranquil space attracting the birds and the bees set on a 610m² block. You will love the timber flooring throughout this freshly painted 3-bedroom home. The spacious living room flows through to the eat-in kitchen/dining room (renovated 3 years ago) and includes a good-sized walk-in pantry. French doors take you out to the large undercover private deck where you can enjoy the north-easterly breezes and relax overlooking the garden. The generous sized master-bedroom has plantation shutters, a large robe and ceiling fan. The other two bedrooms also have robes and ceiling fans. The bathroom has a frameless shower, louvred windows and plenty of storage. There is a side access driveway leading to a double carport. Plenty of room here to park a trailer, boat or caravan. At the back of the carport is a studio/home office with split system air-conditioning. The gardens wrap around the house and include established fruit trees and are fully fenced. In addition, there is plenty of lock up storage adjacent to the studio and a well-maintained Garden Shed. The laundry is situated off the deck at the rear of the house. This home is perfect for First Home Buyers or those looking to downsize, a good rent return will attract investors. For further information or inspection times please contact Jacqui on 0450 004 291
