Peerless in architecture and design, immerse yourself within your own 3,706sqm private oasis positioned on an exclusive hillside setting capturing unrivalled panoramic views. This magnificent residence captures the very essence of luxury with a sprawling approximately 70 square internal design boasting grand accommodation and palatial proportions accompanied by breathtaking never to be built out views from nearly every room. On entrance, you are met with immaculate Blackwood timber flooring and a stunning glassed-in, indoor pool that precedes the breathtaking native and water views that continue throughout the home. The extensive floor plan has been carefully considered to provide seamless indoor and outdoor living and entertaining on a grand scale. The spacious open plan kitchen, dining and living areas flow out to an extensive undercover deck area immersed within landscaped, native gardens. Spoilt for space, this residence offers multiple living zones including a cosy lounge area featuring an electric fireplace. The luxurious master suite has been thoughtfully designed to capture picturesque views from every angle and offers a sublime ensuite with an indulgent freestanding bath and generous walk-in wardrobe. The flexible floorplan allows for up to four extra bedrooms, two with built-in robes, and the remaining two currently being utilised as a home office and gym. The family bathroom is centrally located and features a separate bath. The lower ground level offers is an incredible garage and utility area. The opportunities are endless with this versatile space offering ample secure off-street parking for cars and toys, a substantial workshop, large amount of storage, and a built-in wet bar. This residence offers an abundance of extra features including a wine room, 4 separate deck areas, one with a spa, a separate 9 x 5m garage, automated gate access, fully fenced yard, monitored alarm system, automated garden watering system, electronic pool management system, 2 x Tesla battery walls, and 96 x 320W solar panels - 72 flat to roof and 24 tilt mounted to maximise energy capture.
