Oh, how I LOVE this home - four bedrooms plus a yoga studio or music area, a significant sprawling deck, and architectural details throughout - if you are looking for character and soul - welcome to 25 Currong. Beyond the strategic landscaped entry gifting privacy and seclusion, stepping stones introduce you to the significant gardens - including vegetable and herb, citrus trees, passionfruit vines, bottlebrush trees and a chook pen (with a placeholder chicken, no less!). This yard is the pinnacle for young children - what Kindergartens seek to replicate. For the older children and adults - you will enjoy the pool, and the huge entertainers' deck - truly incredible and will facilitate many wonderful occasions - think baby showers, 18th birthday parties or just peaceful Sunday mornings. Inside - three bedrooms and a bathroom feature on the first floor - with angled soaring ceilings and original timber flooring, which continues throughout the open plan living and dining. A wood burner provides amazing 'hygge' sensibilities. Upstairs is the parents' retreat - with its own deck, and a spectacularly indulgent ensuite with a hotel-like bath, and walk-in shower, adorned with glamorous tiling. A space to unwind in after countless games of 'tiggy' and 'hide-and-seek' in your huge yard. If you want to venture out, walk to local cafes and restaurants for a pizza and a spritz, or enjoy meandering walks along Cubberla Creek, throughout established tranquil parklands. You can not fabricate the earnestness and wonder of this home. Come and visit - it is an absolute treasure.
