Sitting pretty on a low-maintenance landscaped corner, this captivating home is perfect for those yearning easy living without compromise to independence, privacy and entertaining capability. Beautifully appointed and immaculately presented, this home's streamlined stone-finished kitchen and sun-bathed living areas seamlessly bi-fold northwards to a stylish deep deck sitting amidst luxuriant garden surrounds. Both bedrooms are generously sized, the master with WIRs and twin-vanity ensuite whilst a little office-nook and sleek bathroom (Euro laundry) conclude clever use of space. Sensitive from an environmental perspective with remote sun/security shutters, bio-ethanol fire and double-glazing, this home is finished with ducted heating, refrigerated cooling and OSP. A relaxed, quality lifestyle close to Kew and Willsmere shopping, parklands and walking trails, golf courses, freeway and exceptional schools.
