If you've been looking for luxury living with a fresh build in a family-friendly neighbourhood.... but you also want views - this may just be your home! You are also a mere 14 minutes from the airport. This 2022-built townhouse has all the benefits of new construction without the headaches and hassle of building it yourself. And it's clever. From the fantastically considered layout where everyone can find their own space to the practical inclusions like under-stair storage, you won't have to think about a thing besides moving in and making it your own. And with gorgeous top-floor views over and out across Giant Park towards the Perth Hills, you'll enjoy sophistication inside and inspiration outside! The open-plan communal living area on the ground floor seamlessly connects, allowing whoever is whipping up a storm in the kitchen to keep connected with dining table chat or keep one eye on the cricket. There's a nice view out to your own (very) private courtyard here too, so Summer living with the doors wide open is definitely on the cards. If you have youngens, you'll love that your bedroom is also on the ground floor - send them upstairs at bedtime and retreat to your own little haven of relaxation complete with a neat, new ensuite. They even have their own living area upstairs! For those working from home, a well-designed office nook provides a little extra quiet for a little extra focus, there's a snazzy European laundry, and air con throughout. Features Include: • 2022-built modern townhouse with views • Steel framed brick & Colorbond • 3 lovely bedrooms • 2 bathrooms • Main bedroom & ensuite downstairs with secondary bedrooms on second floor • Study office nook • Clever under-stair storage fitted out • Downstairs open-plan kitchen, lounge & dining leading to patio • Upstairs lounge with balcony • Family bathroom on second floor • Kitchen with high-quality finish, extra storage & dishwasher • European laundry with airing racks • Air-conditioned with multiple split systems • Patio drawings submitted to Shire • Beautiful sunny rear outdoor area • Double garage attached to the rear of courtyard • 180sqm block • 143sqm floorspace There's a lovely courtyard here - drenched in sunshine - just perfect for the warm months and alfresco dining. There are patio drawings submitted to the Shire, too, so if you really love indoor/outdoor living, you're already partially on your way to making it a reality. A double garage is attached to the rear of the courtyard, giving you a little extra space at your disposal and ensuring your curb appeal stays appealing with cars parked around the back.
