The Ultimate In Country Luxury

Family estates of this calibre rarely come onto the market. Set on 12 acres of semi-bush and manicured gardens, this outstanding French inspired residence provides a stunning contemporary family environment.

Spectacular and expansive living spaces include dining and entertaining - cinema, poolroom, library, two studies and retreat - encapsulating infinite luxury. Large family kitchen defined by granite benches, Miele appliances and scullery. Featuring four bedrooms downstairs - all with ensuites, the parent's domain upstairs with a substantial office, secluded retreat, ensuite, walk-in robes and a balcony.

Sanctuary-like grounds encircle numerous al fresco zones with an outdoor kitchen, pool, tennis court, half-size basketball court, equestrian facilities, a two-hole golf course and private helipad with garage.

Only 34km to Melbourne's CBD and the magnificent Yarra Valley wine region at your doorstep. Few properties in Melbourne offer such a complete family compound.
