What an awesome place to build your new home or shack! This block of 1011sqm (the old quarter acre) allows plenty of room for your imagination to run wild. There is already a small shed on the property which would be the ideal place to store your boat when you are not out catching whiting or squid! No services connected. The adjacent property at 23 High Street is also available to purchase. This consists of a substantial home and shedding. Buy both and have all the space you need! RLA 274962
