\$695 per week

This spacious family home is spread over two levels, where the size is quite deceiving from the road. As you enter on the first level, you will find the home has been freshly painted throughout and has freshly polished floorboards, making it an inviting oasis for the family. The living spaces are the hub of the home and overlook the backyard. There are three bedrooms upstairs, each being spacious and comfortable. The main bathroom has undergone a full transformation with double vanity and walk-in shower. Downstairs you will find the rumpus area, fourth bedroom and second bathroom, as well as a study. This area opens out directly into the large, family friendly backyard. This home is positioned behind Calvary Hospital and is within walking distance to the Lenah Valley shopping precinct and some of Hobart's leading schools for children's education. The property comes with a garage. Please note: There is a gardener included in the weekly rent to attend on a regular basis. Pets considered.
