Barely a 2 minute* drive from the CBD and you can completely escape the bustle of the everyday. Located on a 6259 sqm* allotment, this unique, architect designed home is not something you'll find on offer very often. Surrounded by established gardens, the tranquil setting offers complete privacy and you won't believe you're only a couple of minutes from the centre of town. The spacious, family sized home is 792 sqm* under roof. The entrance foyer, complete with an impressive lead light feature, fills the area with natural light and welcomes you into the home. 5, potentially 6 bedrooms. The 6th was a dedicated sewing/craft room for the current owner. Four bedrooms have air-conditioning and all have built-in robes and ceiling fans. The master suite is situated away from the main living areas, has a large walk-in robe and ensuite with a separate toilet. A generously proportioned, separate office space has been designed with the astute business-man, (or woman), in mind. The kitchen offers both practicality and convenience, with plenty of space to cater for family and guests alike. Featuring a separate island bench, dishwasher and new ceramic cooktop, along with an abundance of storage. Located adjacent to the family/informal living or dining area, it provides ease of access to busy areas of the home. A second, formal lounge is more privately located with a wood heater to offer warmth and comfort during the winter months. A large rumpus room is separated from the main house by a breezeway and lends itself perfectly to additional living area, games room or the perfect "man cave". The property boasts two impressively sized sheds. The main shed is a 24m x 12m* with power and high clearance roller doors. Two bores, (one equipped), as well as rainwater tanks supply water to the property. This unique life-style living opportunity will go under the hammer at 11:00am on 15th November at the Biloela Hotel. For further information or to arrange an inspection of this impressive property, please call Sharon Gallagher - 0429 923 953 or Mark Simpson - 0418 792 647. Ray White Biloela.*Approx
