Taking in views across the rooftops to the Dandenong Ranges from its elevated position, this fabulous family sanctuary impresses with its spacious and flexible spaces, multi-seasonal alfresco area and brilliant proximity to a huge range of essential amenities and lifestyle attractions. With up to five bedrooms – or four and a home office depending on your needs – the home spills across two impeccably maintained and presented levels. Most of the living can be found on the home's upper level with accommodation including a choice of formal and casual living/dining areas, a contemporary kitchen with stainless steel appliances and handy breakfast bar plus two sparkling bathrooms. Four of the home's bedrooms are also located on this level, while the fifth bedroom/home office – or gym – is positioned downstairs in a private zone of its own. Finalising a truly appealing family-focused proposition is its position in a quiet, low-traffic cul-de-sac where everything you could possibly need is within easy reach. Among the nearby amenities are Heathmont East Primary School, the preschool/early learning centre, parks and the Dandenong Creek Trail. The home is also just moments to Heathmont station, the shopping village, Tintern Grammar School and Aquinas College.
