Renovated family gem with plenty of space

Welcome to your new address in this oh-so-quiet, established and very family-friendly crescent in Stirling.

This four-bedroom, two-bathroom home sits on a landscaped and low-maintenance 700sqm block that guarantees you will spend more of your time enjoying this comfortable home and the local attractions of Weston Creek rather than with a leaf blower!

This beautifully presented property has recently enjoyed a renovation that has delivered the latest in contemporary living along with a generous amount of room - and a four-car garage.

Entry leads into the hub of the home, a very generous open plan family, dining and kitchen zone highlighted by polished timber flooring. This is where family and friends will gather for those communal meals and get-togethers; the stuff that memories are made of.

The kitchen features Shaker-style cabinetry and plenty of bench space for the home chef, while the open design ensures they will always be at the centre of the buzz.

Families will enjoy the extra space of a second living area - an ideal option as a rumpus, as a home theatre or, perhaps, as a work-from-home space. It is highlighted by French timber doors that lead onto an entertaining deck.

The master suite is located with a second bedroom beyond the central hub. It enjoys a generous walk-in robe and ensuite. Windows on two sides ensure the master is flooded with light.

Two further bedrooms with built-ins are located at the front of the home and there are a generous number of storage options throughout the residence.

Comfort is delivered via ducted heating and cooling.

Something that will appeal to the car enthusiast is the massive 65sqm garage that can hold up to four vehicles.

Equally, the space could suit a hobbyist with its generous bench space - or perhaps as a gym . . . or a man cave - or for whatever creative vision a new owner might have. The garage also offers roller door access to the rear yard.

The grounds, front and back, are landscaped, and low maintenance and the kids will love the big cubby house with slippery dip.

This light, bright, warm and inviting home is close to St John Vianneys Primary School, Stromlo High School and Marist College. And it's not far to pick up the groceries or other shopping options at either Cooleman Court, IGA Chapman or Westfield Woden.

No. 25 Reveley Crescent is an absolute gem, somewhere that's easy to imagine yourself living in - and in style. It's got all the home comforts and internal space for further imaginings.

On a Tuesday night you can walk to the end of the street and enjoy the \$14 Chicken Schnitty or Parma at the Weston Creek Labor Club.

Renovated, established home just some of the features:
