\$995,000

This home in Diamond Beach is beautifully presented and is conveniently located within walking distance to the beach, primary school and local shops. Fully renovated and set over two levels, downstairs offers 3 bedrooms, living room, main bathroom and access to back yard and garage. Upstairs features a lovely modern kitchen, dining area plus another lounge/living area along with the master bedroom with walk in robe and en suite. Some ocean views from the front of the house and balcony but with all the hard work done there is really nothing more to spend. Plenty of yard space with the added bonus of a drive through single garage plus carport to the front.
