The ducks play on the dam. The sheep enjoy the green grass and plenty of shelter from established trees and the family have loved the close proximity to schools, shopping, freeway access and even convenience of mains water connected to this acreage property! Wrap around verandas encompass the 3 + Study (or 4 bedroom) home. Reverse cycle split system air-conditioner, Wood fired Coonara and remote control Shutter Blinds provide all year comfort - (Cosy or Cool accounted for here!) Well kept, well presented and with only good vibes. There is a rustic tool shed, single garage, shearing shed and larger enclosed machinery shed / workshop. The gardens are just beautiful either side of the rock paved path leading to the inviting Welcome sign at the front door. A rare find. Incredibly convenient.
