\$1,780,000

Settle into the lifestyle you deserve with this beautiful six-bedroom, three-bathroom, two-storey home located in one of the Illawarra's premier locations. Nestled at the foot of Mt. Keira, this home enjoys the privacy of leafy surrounds, the convenience of a short drive into town and the Sydney commute, and a solid, quality modern construction. Downstairs features a large open plan living area, flowing through wide bi-fold doors onto a huge paved patio that effortlessly combines indoor and outdoor living. This floor is spoiled for quality, comfort and modern touches with its gorgeous bamboo floorboards, pendant lights, ceiling fans and quality fittings throughout. The kitchen boasts a Miele dishwasher and oven, gas top stove and rangehood, and the generous bench space on the island also features a breakfast bar. There is a large pantry, loads of cupboard space and extra storage tucked in behind the kitchen. To make those celebrations something more special, select something from the dedicated wine cellar. Downstairs also features another room which can be used as a bedroom, media room or a home office with an external door, perfect for taking appointments away from the rest of the home. Finally, there is a bathroom with quality fixtures including a shower, toilet and basin. Upstairs features fully-ducted aircon in five-bedrooms, a family room, home office and laundry. The large, light-filled family room has sliding door access to the east facing balcony that enjoys the morning sun, lake views, and the privacy of the leafy outlook. The office space has built in shelves and a desk for two people. The main bedroom features a walk-in-robe and ensuite. The other bedrooms feature a mix of carpet and bamboo flooring, walk-in and built-in-ropes, in-built study nooks and whisper quiet ceiling fans with built-in LED lights. The main bathroom has a separate bath tub, shower and vanity. This house represents a quality, solid construction. Built on a concrete slab with double brick and double-glassed, the home was fully renovated sixteen years ago with new wiring, plumbing, and insulation, and a new Colorbond roof and Gutterguard. The home also has solar panels, electric off-peak hot water, an underground water tank and NBN fibre to house. It has a double garage and a lower outdoor living area to enjoy the established gardens and room for a fire pit. Tucked away from the bustle of the city, this home is only a short drive away from Wollongong with its world class sports and entertainment precinct, beautiful coastline and beaches, major shopping and its thriving restaurant and café scene. Take in stunning and sweeping views of the Illawarra from nearby Mt. Keira lookout and take advantage of quality schools close by. Contact Tim to secure your move into luxury.
