\$690,000 - \$730,000

The ease of the location offers a walk everywhere lifestyle you'll love, along with a warm and inviting home to call your own! Young at heart, this lovely three bedroom home has been updated and freshly painted and features glossy timber floors and carpeting in the bedrooms. A high fence and landscaped front garden offer privacy along with a fully fenced and gated backyard. Step inside and discover a welcoming living room leading to a fresh open kitchen/dining area; both spaces are awash with morning sun and enjoy outlook to the front garden. White cabinetry offers generous storage along with the convenience of a dishwasher. A smart design tucks the bedrooms away peacefully at the rear along with updated bathroom, toilet and laundry. Comfortable year round, the home features ducted heating, air conditioning and double lock up garage. Perfectly positioned in a location abounding in amenities including train station, Main Street eateries and shopping, supermarket, childcare, schools, Aquahub, parkland, walking tracks and more!
