Looking for a nice, low maintenance home close to the school, train station, parks and easy freeway access? then I definitely have the property for you! only minutes away from Our Lady of the Way Catholic Primary School, this location is hard to beat. Built in 2011 you can advantage of all the hard work that has gone into making this a family home. The side Access will give you security to park your favourite car, trailer or caravan off the street on this 600m2 (approx) block , plus the low maintenance backyard will give friends and family somewhere quiet to hang out, maybe even have a spa on the fully decked rear entertaining area. There is something for everyone here and you are in the drivers seat to secure your new home now.
