\$1,400 Per Week

Positioned in the desirable St Peter's Lutheran College and Ironside State School catchment is this impressively renovated family home. The north-facing resort-like residence has striking street presence on an elevated 728sq m parcel of land, which neighbours the renowned St Lucia Golf Links. Properties of this calibre in Indooroopilly are in high demand for their proximity to quality schools, the University of Queensland, Brisbane River and the CBD. Parents can watch their children splash in the pool from the Darren James Interiors kitchen. Clever design allows for incredibly easy access to the spacious outdoor covered entertaining area, deck and lawn. Enormous 4.2m high ceilings, bamboo flooring, banks of louvres, commercial-grade glass and a central fireplace feature in the vast dining and living zone. It is the hub of this beautiful home. Off to one side is a kitchen designed by the award-winning Darren James Interiors practice. It is equipped with Miele appliances, a wide breakfast island bench and ample cabinetry. Of the four bedrooms is a large master with a walk-in wardrobe and ensuite. Nearby is a study, shared bathroom, powder room, separate laundry and a private family room. More storage is available in the double lock-up garage, while there is also space on the property to discretely accommodate a caravan or boat. This is a home designed for ease of living in the Queensland climate. Lush tropical gardens, wide open spaces and a light-filled interior combine to create a relaxed and happy environment. This is a smart family home with a coveted Brisbane address.
