When entering the spacious and airy open plan living/kitchen/dining area, you are filled with a sense of home from the modern neutral toned tiles and pale green walls. At the heart of the home is the large kitchen, offering a breakfast bar, lots of cupboard and bench space, a built-in-pantry, stainless steel oven, gas cooktop, rangehood and a dishwasher. Down the hall are three spacious sized bedrooms with new carpet, a walk-in-robe to the primary bedroom and built-ins to two other bedrooms, as well as a study/fourth bedroom for your convenience. The centrally positioned bathroom comes complete with a fresh blue tile floor, modern bath, vanity and shower, with a separate toilet. This home boasts new tiles throughout and a brand new evaporative air-conditioner.

Outside features a deck overlooking the established lawns and gardens, a second patio with a 5,000L rainwater tank plumbed to the kitchen and laundry, as well as a shed/garage and an extra huge yard!
