**\$830,000**

Not quite Hollywood, but this solid double brick home on 5 acres has a stunning master bedroom with views, a huge dressing room, double shower, formal lounge and dining areas plus family and games room, a massive kitchen with separate entry from the double garage, beautiful below ground pool with bar and spa and an impressive stand of welcoming trees. Lovely gardens, a workshop and separate shed round off this must have property. Living here is all about comfort and style in privacy amid the peace and quiet of nature where you can party hard in the pool area or just have a relaxing walk on your own nature trail. This is a property that you will be very proud to call your home. The market is very buoyant so I suggest booking a private viewing with Lui now on 0408090892.
