Come home to renovated quality in Hampton's prized Castlefield Estate, metres from a playground and sports facilities, around the corner from St Leonard's College and Haileybury, and minutes from the beach and Hampton Street. You can see the care and premium features that have gone into making this a standout single-level home, with two zoned living areas, four bedrooms and a study, a self-contained studio/fifth bedroom with ensuite, and two recently renovated bathrooms. Every element for easy living is here, including a spacious family room next to the Bosch kitchen, a zoned lounge ideally located at the front of the house, and a pool and plenty of deck space for relaxing outdoors. The transformation from 1920s Californian bungalow to 21st-century lifestyle living is outstanding. The main bedroom has a new look with a walk-in wardrobe and stylish ensuite, original sash windows are paired with plantation shutters, and timber floors have been impeccably restored with a matte finish. Thoughtful planning has included a built-in desk and storage in the study, a retractable insect screen on the large sliding door in the family room, and black tapware in the new-look bathrooms. Outside is pristine and cared-for, with onsite parking for three cars, a storeroom for your bikes and sports equipment, and classic street appeal. A wonderful home in an ultra-convenient neighbourhood.
