Hurry In This Sat & Sun!

Renovated Home with Separate Studio in Springwood Conservation Park Enclave - Potential for 5 Beds! Set on a 627m², this beautifully renovated rendered brick home has internal and external features galore, including its location in a sought-after enclave bordering Springwood Conservation Park - this 36-hectare eucalypt forest has wildlife and walking tracks and a lookout with spectacular views across Logan. The property is also surrounded by schools, retail centres and is less than a half an hour drive on the M1 to the CBD. With 3 bedrooms, 1 bathroom, 1 rumpus plus a family room and a separate studio, there is so much opportunity here to repurpose multiple rooms to suit your family's needs. 3 bedrooms can become 5 and the studio used as an additional living or working space. Recent renovations to its kitchen and bathrooms, including new flooring, a paint refresh and a two-years-young roof, also mean nothing needs to be done - simply move in and enjoy your fantastic new home! The front entrance has a unique facade and is complemented by palm trees, a grassy green lawn and a lovely slanted roof. There is also plenty of room for parking multiple vehicles (RVs included) in the carport, on the driveway and via backyard access. Add a shade sail and some high fencing and your home's entrance is even more practical and secure. Through a second entrance is a private porch that is perfect for a quiet morning coffee as you prepare for the day ahead. To the right is the separate studio that could be used as an office, study, music room, man cave, she shed, another bedroom or a teenager's retreat. Or add a kitchenette and you have the perfect guest room. Heading inside through the main entrance is an open plan family room with a ceiling fan, AC and plenty of room for a big TV and multiple lounges. Next to this is a separate rumpus room that is also air conditioned and has a stunning raked ceiling, which could easily be repurposed into another bedroom as it has a privacy door (perhaps the master?) The open plan dining room and kitchen offers ample entertaining opportunity for guests and gourmet cooks to enjoy culinary catchups with its renovated design. It boasts lots of gleaming cabinetry, Caesarstone benchtops, modern appliances, and bold splashback tiling that gives it a stylish edge. At the other end of the home are the bedrooms, all of which feature built-ins and ceiling fans (and one also has air conditioning). Multiple windows also offer lots of natural light and views out to the backyard greenery. A separate toilet, sizeable laundry, and a modern renovated bathroom with a shower and sink-in tub complete the interiors. Heading outside, you'll find a massive decked area perfect for alfresco entertaining. Ample space abounds here for a huge BBQ, outdoor fridge, pizza oven, wet bar, dining table, kitchenette, deck chairs ... the options are endless. Its size could accommodate a 20-plus person party, so family catchups are well and truly catered for (literally!) Green thumbs will also love its outdoor features which include established gardens, lush lawns (kids+dog optional), fruit trees, a greenhouse filled with paw paw trees and three sheds for all your gardening gear. Enhance this space even further with the addition of a kids' playscape, trampoline, raised garden beds or even a fire pit for winter marshmallow toasting. Location-wise, it is close to schools including Calvary Christina College, John Paul College, Chatswood Hills State School, St Edward's Catholic Primary School and Daisy Hill Early Learning Centre, and shops including Springwood Plaza and Chatswood Central Shopping Centre. It is less than half an hour on the M1 to the CBD, and for those who love getting out into nature on the weekends, Springwood Conservation Park is a few minutes away. **PROPERTY FEATURES:** + 627m² in a Springwood Conservation Park enclave + Renovations throughout including newly restored roof and a paint refresh + Additional living areas could be repurposed into another bedroom + Separate studio for another living area, guest room or teenager's retreat + Open plan family room and second rumpus room + Renovated kitchen with lots of storage, Caesarstone benchtops and modern appliances + 3 bedrooms all with built-ins and ceiling fans + Renovated bathroom with a shower and bath + Massive deck with room for 20+ people + Established gardens, greenhouse and three storage sheds + Parking for 1 on the carport, couple on the driveway and via backyard access For a renovated property in the ever-popular street of Jardine Drive in the Springwood Conservation Park pocket close to everything, be sure not to miss this coming Sat's open home, make your offer and turn your dreams into reality.
