Mid to High \$1M's

A magnificent 1199sqm piece of prime real estate positioned in one of the most desired pockets of this highly sought-after suburb. There is an original mid-century home for those wanting a renovation project. It also offers the option of subdividing and keeping the property. The location is simply brilliant, bordering City Beach, with easy access to beaches, parks, quality schools, and the many other lifestyle opportunities Wembley Downs and surrounds have to offer. Offered for the first time by its original owner of nearly 65 years, this is a rare gem that provides a unique opportunity for the lucky buyer. Whether you are looking for a development site, renovation project, or just a large land holding for a single residence, this is one not to miss. Boasting a 24 metre frontage on 1199sqm, the key characteristics couldn't be any better when looking for a sub-dividable site.
