\$990,000 - \$1,080,000

The look is period inspired, the spaces are modern, the setting has always been sought after – walk to the beach, Williamstown's shops, cafes, Nelson Place, North Williamstown station and schools from a residence that's as distinctive as it is desirable. Elegant lines, beautiful brickwork and majestic bay windows create a first impression of lasting impact. Inside, the polished floors of the living and dining areas lead to an open-plan kitchen where stone, style and stainless steel are the defining features while French doors reveal paved dimensions for outdoor entertaining. Three bedrooms on the upstairs level, including a main bedroom with a walk-in robe and bay window outlook, surround a beautifully appointed central bathroom that adds its own allure to the accommodation. The comfort of ducted heating and evaporative cooling and the convenience of secure off-street parking behind an electric gate apply ideal finishing touches to a landmark residence that ensures a spectacular lifestyle.
