Expression of interest

Located next to the King Island Golf and Bowling Club and behind the Burgess Bay Track, this 2.958 ha parcel of land includes low wetlands at the front and elevated dry land at the rear of the block. With the entrance to the property off Netherby Road, a well-maintained track leads to the open block of land which shows a snapshot of the Southern Ocean. Currently on the property are two small sheds. This property is zoned Utilities not residential.
