Yes, the house could do with a bit of love, but you have a very private 14.75 acres, scheme water, a workshop and a shed, plus a winter dam, windmill, paddocks and its a stone's throw to the popular town of Bakers Hill. The acreage is perfect for horses, sheep or even a few Alpacas. The house has a a slow combustion heater, small rear verandah and overall a wonderful rural lifestyle. The block may be sub dividable, its off a bitumen road and is fully fenced. Why not call Lui now on 0408090892 and have a chat about possibilities.
