Transformed by a stylish renovation, this magnificent three-bedroom, two-bathroom single level home has been beautifully reimaged for modern family living. Nestled in a leafy tree-lined street, this stunning sanctuary is situated in the sought after Lakewood Estate, where everything you need is conveniently close. You'll fall in love with the cohesive interior palette that seamlessly flows throughout, including the warmth of sleek timber style flooring, matte black and brass tones, along with granite surfaces, feature tiling and designer lighting. Take your pick of two spacious living zones to relax and unwind, the casual family room enhanced by a large bay window streaming with northern sunshine, while open plan living and dining flows outdoors to an impressive paved alfresco for effortless entertaining. An absolute showstopper, the contemporary kitchen features a sublime granite splashback and benchtops, LED lighting and premium Bosch appliances, overlooking the large secure backyard where children and pets can play freely. Tucked away from the living zones are three robed bedrooms, the main bedroom enjoying an ensuite, along with an exquisite main bathroom enhanced by a striking floating vanity, blissful bath and separate shower. Set amongst established gardens; further highlights include soft curtains and double roller blinds, split systems, ceiling fans and a large double garage. Walk to Kingsley Park Primary School and Mount Erin College, the Franciscan General Store, Round About Café and Raphael Reserve Playground, whilst being conveniently close to bus stops, golf courses, the Heatherhill Road Shopping Strip, Frankston CBD and Karingal Hub.
