Looking to purchase your first home or investment property, well 26 Ryder Crescent is now available and looking for a new owner. This very neat 3 x bedroom brick veneer home is located in a very quiet cul-de-sac and backs onto Tuckers Creek reserve on an impressive 830m² block. The home has ducted evaporative air conditioning, a large wood heater and a centrally located bathroom. Outside is complemented by a large entertainment area, 6m x 6m shed, lockable carport and solar power connected to the home. A very sound investment.
