\$890,000 - \$979,000

Exemplifying the essence of contemporary living, this beautifully transformed three bedroom home embraces a tranquil and secluded setting only a short walk from Fishermans Beach, Wilsons Road shops, and Main Street Mornington. A hassle-free living experience awaits beyond a private deck entry with front garden setting, revealing refined interiors set atop hard-wearing oak floors and awash in natural light. Vast interior space is immediately apparent as a cool coastal colour palette awakens an airy layout complete with designated lounge with gas fireplace, and open dining space. Designed for impressive entertaining, a well-equipped kitchen features a generous breakfast bar, modern 900mm stainless steel appliances and dishwasher, while morning light awakens an intimate side deck, adding to the entertaining footprint with a peaceful oasis perfect for that morning coffee. The three-bedroom 2-bathroom accommodation conceals a restful ambience for young families or couples, whilst gas ducted heating, a rear garden shed, off-street parking for two (tandem), and secure perimeters headline the features of this completely refreshed 355sqm (approx.) allotment. Positioned moments from Bentons Square Shopping Centre, Civic Reserve and choice in local primary schools.
