Packed with lifestyle advantages and perfect for first homebuyers, families and investors. This property was renovated 4-bedroom single level home with a modern stone top kitchen, rainfall shower bathrooms, high gloss laminate flooring and a private spa retreat under the pergola to offer resort style relaxation at home. That's stylish family living with all the trimmings. Enjoy the luxury of two separate living areas including an impressive central living room which opens out to paved outdoor entertaining area and a versatile front lounge room perched high above the street. Zoned bedrooms are designed to give parents privacy in their own master with a sophisticated full ensuite and walk in robe, and children ease of access to the family bathroom. An elegant and spacious kitchen impresses with soft closing drawers, a double oven, 5-burner gas cooktop and a whisper quiet Bosch dishwasher. For busy working families, the garden is completely lawn free, landscaped with a beautiful Canary Island Date palm which brings some tropical flair to this private family sanctuary. There's a double carport but who needs a car when you're in walking distance to almost everything - an easy stroll to Parkmore village shops, Forest Hill Chase shopping centre, cinema, banks and restaurants, main bus routes on Springvale Rd and Emmaus College.
