This block gives you multiple options for building your dream home. The current zoning of this block allows for you to subdivide, subject to council approval, and if your current budget doesn't allow for a subdivision then you can still proceed with building your home on one half and later on in life you can subdivide and sell the block to reduce the mortgage, build and sell or you may have a child that now would like to build next to mum and dad. With this location you can walk to the main shopping complex on Safety Bay road, you are about two minutes from the Kwinana freeway, close to schools, bus and train services and a choice of local parks for the children and pets to play. This is not your standard block and well worth your consideration.
