Ssssh....Hampton East's best kept secret is hidden away here and full of surprises! A rare hidden gem with timeless attic style, this three bedroom, 2.5 bathroom rear residence is in a world of its own with window-walled lounge-dining wrapping around to a Euro appliance kitchen (with Bosch dishwasher)... before flowing out to a high-hedged, afternoon-sunfilled courtyard. Uniquely accommodating with a dedicated master-level providing space to work, relax and retreat (along with dual walk-in robes and an elegant ensuite), this inviting home adapts to changing lifestyles with more accommodation on the ground-floor in a quiet bedroom wing with a big dual-vanity bathroom – perfect for kids today, grandkids tomorrow, and all your future needs! Styled for easy living with an abundance of storage (including secondary built-in robes, understair storage and a big space stretching deep into the roofline beyond the second walk-in robe), this centrally heated and cooled home has additional reverse-cycle air-conditioning and fan-cooling, soaring skylights (openable and plantation-shuttered for the master-level), and rich timber flooring for a touch of luxe. Secure, safe and so private with two-carspaces including an auto-garage, this hidden gem is set to surprise and delightwithin surprisingly easy reach of it all; steps to Spring Rd Reserve, around the corner to Basterfield Park, a walk to the station and shopping precinct, and a minute to Highett Rd's hospitality strip and Hampton's beachside café society.
