Gorgeous Family Living in a Picturesque Pocket

Backing onto parkland, in a picturesque pocket that reaches the conveniences of Bayswater & Heathmont within minutes, we present the exciting opportunity to acquire this gorgeous 4-bedroom family gem.

Set back on a flat block, the current residence has undergone extensive enhancements to cater to a growing family's needs with an abundance of open space and separate living zones.

The large Master bedroom is complimented by full ensuite, large built-in robes and bay window overlooking the garden. Another bedroom positioned towards the front of the home boasts an additional retreat space accommodating a sizeable study or private living. The additional 2 bedrooms are positioned conveniently surrounding the central bathroom and additional 3rd toilet for guests.

The open-plan living flows through double doors to a large sheltered alfresco with in-built BBQ area overlooking an enormous, easy to maintain backyard boasting large shed, and space for bins to be neatly tucked away out of sight.

Situated within walking distance to buses, eateries, Dandenong Creek Trail and Heathmont Golf Park. It's also only a short drive to schools, recreational facilities plus the vibrant shops and train stations of Bayswater and Heathmont.
