We are delighted to offer to the market, this awesome new build in the super popular Eastmans Green Estate. Sitting beautifully at the top of a cul de sac with the most epic mountain views, this spacious home exudes functionality and elegance, with a focus on the kitchen; offering high end finishes, Bosch appliances, butler's pantry and gorgeous stone benchtops. Surrounded by other quality properties, this family home offers four bedrooms, two living areas, open plan kitchen and dining, low maintenance courtyards and decks and a remote control double garaging. Heating and cooling needs are serviced by two Daikin reverse cycle heat pumps and an abundance of double-glazed windows and doors throughout the property, providing light and warmth. The master bedroom is oversized with a walk-in robe and ensuite, plus an additional space to relax with access to a private deck. The main bathroom is complete with a stunning free standing oval bathtub, just inviting you to wind down after a long day. With multiple decks providing the perfect places to relax or entertain friends for summertime barbeques, the freshly landscaped block is fully fenced and easy care. Save the stress of finding a builder and a block and get in quick!
