BIG FAMILY HOME HIGH ON MILES HILL with plenty of breezes as well as the beautiful water views from front and back verandahs. Family size garden is 936 sq. m. with extra big 23 metre frontage giving plenty of space beside the home for access. This very comfortable home has upstairs 3 bedrooms, all with built-ins, and two have air conditioning. Bathroom is great. Spacious, air conditioned living, kitchen and dining open onto a covered verandah that overlooks the in-ground pool and the water and mountain views. OUTDOOR LIVING is almost as good as living indoors. There's a tiled entertainment pavilion beside the pool and above that the back verandah overlooks the pool as well as the mountain views. Out the front the much larger upstairs balcony (off the main living area) enjoys truly magnificent harbour and ocean views across the entire town. THE LIVING IS EASY when you have an open, spacious home. The big upstairs living room is generous but also downstairs is an air conditioned tiled rumpus area with a bar and a 2nd shower and toilet with the laundry. Well maintained gardens and fruit trees surround the home with fencing around the back garden. WHAT A BRILLIANT combination of quality, location and price. You have to inspect it!
