COOL COASTAL SOPHISTICATION IN PREMIUM LOCATION RENOVATED EXECUTIVE RESIDENCE IN SALT VILLAGE, KINGSLIFF. Welcome to "OCEAN SAPPHIRE," a home that radiates warmth, strength & natural colours. Recent upgrades & a considered renovation by the owner, a well known Interior Designer herself, Jacinta wanted to create a dream home by the sea. Her vision was to put a sophisticated spin on what you might expect from classic beach style. In the owner's own words, "we wanted to open everything up & create a free-flowing home with larger spaces, rather than multiple smaller spaces that felt tight. I wanted a bold & more striking appeal yet allow the space to still feel coastal." Deeply luxurious natural stone is a highlight throughout the home, while an accent of black brings a crisp modernity. If one room captures the spirit of Jacinta's bold, modern-coastal vision, it is the showstopper kitchen, with its hunk of marble serving as the island bench. Redefined living spaces, bathroom makeovers & an identity overhaul for the four bedrooms have brought the vision of COASTAL SAPPHIRE to life.
