\$1,300 per week

This double storey home has four bedrooms, two bathrooms plus a powder room, and two living areas, this home is spacious. The open-plan kitchen with plenty of cupboards and quality appliances is a great feature, especially for those who enjoy cooking and entertaining. The connection to the outdoor living area is also a nice touch, providing a seamless transition between indoor and outdoor spaces. The proximity to quality primary and high schools is convenient for families, and easy access to Herdsman Lake adds to the appeal, especially for those who enjoy outdoor activities or nature walks. The built-in robes in all bedrooms offer practical storage solutions, and having a big double garage with a remote garage door adds convenience and security for vehicles. Overall, it is a comfortable and well-equipped home in a desirable location.
