\$1,365,000

Effortlessly redefining standards in style, space and entertaining, this completely reimagined family entertainer makes every effort to produce the pinnacle of Horizons Estate living. An entirely renewed vogue both indoors and out is utterly breathtaking, with nothing left to do but kick back, relax and enjoy. A crisp rendered facade hints at the exceptional contemporary aesthetics that await, fulfilling and surpassing all expectations once inside. Spotted Gum timber floors, soft chic greys and directional LED highlighting accentuate the refinement of the entry gallery, traversing beyond a cinema-style formal lounge to a grand indoor/outdoor living and dining domain taking centre stage at the heart of the home. Stone counters are draped over a 900mm pyrolytic oven, induction cooktop, Asko dishwasher and buffet island, working in tandem with the woodfire pizza oven and built-in BBQ kitchen of the adjacent entertaining zone. The year-round ability to be encompassed within the main living hub via Double Glazed UPVC stacking bi-fold doors provides an unmatched appeal for the wholehearted entertainer. A master bedroom at the front of the home delights with its walk-in robe, ensuite and split-system comforts, matched by two robed and zoned bedrooms plus an enclosed study/easy 4th bedroom. A comprehensive list of enhancements includes a hardwired 4K CCTV system, smart home connectivity, NBN, automatic irrigation, a wood flue heater atop a polished concrete hearth, a significant entertaining deck, new carpets and double-glazed windows and doors.
