Duncan Spinks

\$375,000

Another good example of these increasingly popular homes in this modern subdivision. Built in 2011, this home presents in excellent condition. It consists of four bedrooms (or 3 and an office). The main having an ensuite and built ins. The living area is north facing and open plan in design. It has a large flat backyard which is ideal for a dog, kids to play or build a shed (STCA). Brick and tile in construction, you will struggle to find a better value property in Tasmania.
