\$2,343,000

Excelling in luxury and location, this is a superb opportunity to step foot into a brand new designer home. Crafted side by side with attractive rendered facades and private driveway access, each architecturally shaped residence has been meticulously planned with four bedrooms and four deluxe fully tiled bathrooms (all ensuites,) incorporating a desirable master suite on each level. Unique streamlined design flaunts open plan living/dining and a stunning bespoke kitchen with island Caesarstone waterfall benchtop, elite Miele appliances plus butler's pantry. Bi-folds extend to a fully landscaped courtyard and entertaining area with integrated BBQ kitchen. The upper master provides extraordinary space and contrast with integrated storage (WIR) and a 5-star bathroom with freestanding bath and double stone topped vanity. Complemented by a secluded rumpus/retreat for the children to relish their own relaxation. Each home reflects street frontage and is fitted with all the modern requirements including: high ceilings, Daikin centralised air conditioning system, engineered timber flooring, plush carpet, security alarm, laundry, ground floor powder room, pendant lighting and a timber clad double remote garage with internal entry. Be the first to grace these executive proportions and live within minutes of all conveniences. Zoned to Beverley Hills Primary with buses servicing elite Kew education and the city. Minutes to Jackson Court eateries and Westfield Doncaster's bustling shopping and dining precinct. Close to popular parkland, trails and the freeway.
