This stunning residence located within the Base Hospital medical precinct, stands proudly as a reminder of the quality craftsmanship of the builders from a bygone era. Boasting five bedrooms plus two utility rooms, the property retains classic features such as high ceilings, beautiful timber floors, architraves and skirting boards, leadlight windows and two fireplaces. The verandahs and sunroom provide external spaces to sit back, relax and enjoy. Suited for use by a medical practitioner or allied health services, the home could equally become your dream residence and restored to become a landmark of our city's suburban landscape. The flood free position is within minutes of the C.B.D and strategically just down the road from the hospital.
