\$2,700,000

Totally suited to meeting modern needs throughout spaces of significant style and family flexibility, this home is a landmark that's entirely characteristic of Tina Lindner's architectural acumen. The timber floors, luxurious feel and desirable size of the living/dining area are complemented by the kitchen's stone benches, twin ovens and designer storage while a sky-lit deck features surround sound and a fully integrated stainless steel alfresco catering. Four bedrooms and two bathrooms arranged over dual levels include a downstairs bedroom with a superb ensuite while the upstairs accommodation surrounds a central retreat and a beautifully appointed family bathroom. The appeal extends below, to a brilliant basement level where a rumpus/recreation room and a home theatre add further family friendliness while secure garaging for three cars contributes exceptional convenience. Reach the beach, walk to the station and Williamstown high school and arrive at cool cafes within minutes of this outstanding property.
