With very few land offerings in popular beachside Safety Bay this level 450sqm block will allow you to design the home you want rather than entering bidding wars against multiple buyers seeking established properties. Safety Bay has a stunning, vibrant, pristine foreshore extending to the tranquil waters of Shoalwater Marine Park. Unsurpassed for its natural beauty, this suburb is starting to reveal itself as a preferred option to live South of the river for a fraction of the price. Safety Bay continues to impress with new boat ramps, foreshore and beach development and improvements with plenty more to come. Schools, cafes, shopping and transport routes close to train station make this a sound investment. Only a short drive to Rockingham Foreshore café, restaurant precinct. Call Julie today to discuss on 0411 436 537.
