\$560,000

A home with true class and style, located in one of Grafton's favourite neighbourhoods, 28 Bacon St exudes style and is now available for you to buy. Painstaking work over many years by considerate vendors has allowed us to present to market a home with meticulous renovations and upgrades to every facet, taking advantage of its 1950's characteristics whilst offering new owners a clean modern feel inside and out. The home has hardwood timber flooring and framing throughout and has higher ceilings with decorative trims. The kitchen is light and fresh, integrating well with ample living spaces allowing for dining and lounge settings and connecting well with the recently extended covered verandah. Both bedrooms are large and the master has a walk in robe big enough to work as a home office or even a baby's nursery. It also has its own verandah that can also be accessed from the main lounge. The upstairs bathroom - fully renovated - has been crafted in a style that will hold itself for many years. Downstairs you have an extensive workshop space and garage with the laundry having a 2nd bathroom handy for those working with tools or gardening. Speaking of gardens they are fully established with privacy hedges and lush lawns a feature. A short stroll into town, or sporting fields, or shops. You may find you don't need the car much on weekends from this address. Owners have purchased and relocated - so it must be sold. All furniture is available by negotiation to the new owners - it fits the space too well to remove. Pest & building reports available to interested parties.
