\$560,000 - \$595,000

Whether you are entering the market for the first time, investing or finding your next home, this is a home to add to your list. The home is setup with a long central hallway with open plan living at the back. Complete with gas cooktop, electric oven, dishwasher and island bench, the kitchen is setup to provide ample space to prepare dinner for the growing family while looking out to the large rear yard. The living and dining space is large enough to accommodate an additional desk for a study area, while remaining open and connected. Each bedroom is generously proportioned and complete with built in robes. The bathroom is setup as a two-way through to the primary bedroom and features shower, bath, vanity and toilet. To ensure there is enough space for everyone, there is an additional powder room and toilet, central to the home. Outside, the rear yard creates more than enough space for a young family, pets or those with a few extra toys. The side access from Strathloddon Drive and a 6x4m shed complete the package. Additional features include evaporative cooling, gas ducted heating, double carport and alfresco area. Placed in a convenient location, the home is within walking distance to St Francis Primary, Strathfieldsaye Primary, supermarket, playground and Bradie's Tavern with a bus stop almost at your front door.
