All of the bedrooms include built-in robes and lush carpeting with large windows to allow for plenty of natural light. The house has ducted heating throughout, meaning that this home is cosy and warm throughout the winter months. The three bathrooms each feature high-quality vanities by Caroma. The open-plan living, dining, and kitchen area is ideal for home chefs so they can still spend time with the family while creating the perfect meal. Your kitchen features a large island bench with breakfast bar, 40mm Caesarstone benchtops, feature pendants, a chrome and black retractable sink mixer, 900mm Westinghouse stainless steel appliances, a SMEG dishwasher, fridge water point, and a large walk-in pantry. The floor is stylish timber, and the high ceilings at 2.59 metres create a spacious atmosphere. Seamlessly leading on from the meals and family area is the perfectly positioned outdoor entertaining area with fresh timber decking and synthetic grass for low maintenance. This immaculately landscaped backyard boasts thin garden beds decorated with pebbles and masonry. The lower level is perfect for entertaining or just simply relaxing. The beautiful bedroom near the entrance is a great layout for your home if you have elderly family members or visitors to accommodate. The downstairs bedroom also enjoys the convenience of one of the three bathrooms. On the upper level you'll find the remaining bedrooms as well as an additional living area with sliding door. The master suite boasts mirrored built-in robes including a split system aircon system and ensuite. The upper-level bedrooms also feature generous space and built-in robes serviced by a central main bathroom. The front lawn is stunningly designed with timber decked large steps leading you to the main home entrance with synthetic grass laid and beautifully decorated. Across from the lot is a community park - perfect for playing with the kids.
