Upon entering the property you can see well-designed easy-care gardens that are designed not only for attractiveness but to provide privacy around the entire home. This solidly built, quality home offers a generous open-plan kitchen/living/dining area. An abundance of natural light makes the living area bright and airy with sliding glass doors leading out onto the protected back courtyard. A well-designed kitchen offers ample cupboards and bench space with an excellent pantry. Well insulated and a reverse cycle heat pump keeps this home comfortable in all seasons. There are three generous king-sized bedrooms, two with built-in wardrobes. The Master bedroom is grand in proportion with a sliding door and security screen out to the private courtyard so one can safely enjoy the summer breeze during those hot summer nights. The additional third bedroom can be easily converted back to a garage with the simple removal of the wall. Between the bedrooms is a large modern bathroom complete with a bath, shower, vanity, and toilet. The laundry is separate with external access to the backyard and a pet door.
